

VOLUNTEER OF THE MONTH

thank
you!

Kim Monaco

Kim has been volunteering with WHS since April 2016 and has become a crucial part of the WHS team. Kim has consistently signed up to help the children with our Story Tails Program, and to ensure that all the animals and readers are comfortable and happy during the reading sessions! Kim is a librarian so she has also provided guidance and resources for Story Tails in a professional way, which has helped to improve the program throughout the months.

Additionally, Kim helps to keep the cat cages and small animal cages clean, and shares her love with each and every one of the animals! We are pretty sure she knows the name of every cat by heart!! We can count on Kim to help us with whatever is needed each day and very much appreciate her flexibility.

Thank you, Kim, for your consistent support of our animals and love for the Story Tails reading program!
