IS

## VOLUNTEER OF THE MONTH

Lisa spent nearly every week in 2017 coming in to Women's Humane Society to take stunning photos of our adoptable animals. She braved the cold and the heat and the especially rowdy animals to capture their quirks and sweetness on camera. Thanks to Lisa, we have beautiful pictures to share with our community, help find our animals homes, and promote our shelter.

**Thank you so much, Lisa!** Your commitment and artistry have helped this organization so much since you've joined the team, and we're so grateful to have you on board.
