

WOMEN'S HUMANE SOCIETY VOLUNTEER OF THE MONTH

MIKE MOORE

Mike has been volunteering with us for about a decade, and this is his second time being recognized as volunteer of the month because, frankly, the astounding numbers we've been seeing at adoption events and the increased lifesaving efforts at our facility would not be possible without him because Mike does adoption counseling for us. Often.

This summer, we've asked more of him than usual – he's helped two out of the three big adoption events so far this year, and it makes a huge difference in the number of animals we're able to adopt out. He also regularly helps with Saturdays, our busiest day of the week, and all of this in spite of allergy to cats. Mike is gracious, generous, and a tremendous asset to the organization.

THANK YOU, MIKE!
